

JAIME BROWN

INDUSTRY EXPERIENCE

- Contracting & Procurement
- Budget Management
- Strategic Planning
- Project Management
- Emergency Management
- Public Relations
- Contingency Planning
- Program Management

Jaime is currently the Branch Chief for the Operations Management Branch in EPA's Region 5 Superfund and Emergency Management Division (SEMD). In this capacity, Jaime provides direct leadership and oversight over contracting mechanisms, data management, auditing, and budget management associated with implementing SEMD's remedial and removal program annual budgets.

Previously, Jaime was a Section Supervisor in Region 5's Emergency Response Program. He managed a group of predesignated federal officials that direct all response efforts at environmental releases threatening human health and the environment.

Jaime's industry expertise includes Emergency Management, Budget Management, Project Management, Strategic & Contingency Planning, Contracting & Procurement, Public & Community Relations and Inter-governmental Coordination.

Jaime is a native of Chicago and US Navy veteran. He earned dual bachelor degrees at the University of Illinois at Chicago in Biology and Psychology and a masters degree in Public Service Management from DePaul University.
